DETAILED ACTION

1. The amendment filed on January 24, 2005 canceling claim 1 is non-responsive (MPEP § 821.03). The newly submitted claims 2-68 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Invention of claims 2-68 are related to invention of claim 1 as subcombinations disclosed as usable together in a single combination. Invention of claim 1 does not require tracking report of a semiconductor part for a customer and making the WIP tracking report available to the customer. Therefore, claim 1 and claims 2-68 have different functions, which would require further search/consideration and would present an additional burden upon the Examiner.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 2-68 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
